## Terms and Conditions of Sale

Effective February 1, 1971. Supersedes all other price schedules.  
Prices subject to change without notice.

- Terms:** 1% 10th Prox Net 30 to Approved Rated Concerns. All amounts owed to Dixson Inc. are payable in U.S. funds.
- Freight:** Prepaid on shipments of \$500.00 or more to a single destination, within the continental limits of the United States.
- Invoice Min.:** All orders for less than \$25.00 will be subject to a 10% service charge.
- Special Order:** Any merchandise or displays that require special handling or production require four to six weeks lead time prior to shipping.
- Returns:** Returns of unused merchandise subject to written permission from the factory. A charge of 15% plus the cost of renewals or repairs will be assessed.
- 

## Warranty and Repair Service

- 1) We recognize that some DIXCO Distributors may find it necessary to accept merchandise returned by their Customers and claimed to be "originally defective." In these instances, merchandise may be returned to the Factory for credit, replacement, or repairs, as directed, subject to inspection at the Factory to determine responsibility.
  - 2) Warranty and Repair Service may also be handled directly between User and Factory. Direct handling is preferred inasmuch as it allows our Service Dept. to provide prompt service or advice on specialized installation or usage problems; and further, keeps Distributor's handling costs at a minimum. Warranty Certificate and Registration Card is enclosed with each Instrument for ease of handling.
  - 3) Prompt, reasonably priced Repair Service available at Factory for items beyond Warranty.
- 

## Claims

In transit shortage and damage claims must be made against and directly with the carrier within 5 days of receipt of merchandise.
